

Drew Said Using Polls For Own Gain

The question of whether George Drew, if elected, would stay at Toronto or leave for Ottawa was raised when Ross Linton, Liberal candidate for York North, spoke at Schomberg Tuesday night. He brought out the point that the premier might have it in mind to stage this election, costing over a million dollars, at a time when there is the least opposition, and then leave the people high and dry before the end of four years.

The Drew government forced cocktail bars on five cities, whether they liked it or not, according to Mr. Linton. "Toronto was going to put it to a ballot but was told that it would have the bars whether it liked it or not. We feel that the municipalities should have some say whether they will accept bars or not," said Mr. Linton.

He told of the \$163,000 luxury aircraft that the government purchased for hydro officials to fly. "An impractical aircraft for Northern Ontario, this Grumman Mallard aircraft, bought from the States, took many Canadian dollars," he said. The Mallard carries a crew of two and ten passengers and a more suitable aircraft, the De Havilland Rapide, could have been obtained in Canada for \$36,500, less than one-third the cost, he said. The Rapide carries eight passengers and a crew of one.

Mr. Linton also spoke at Richvale on Tuesday night.

A Liberal meeting is slated for Woodbridge on Thursday night at 8 p.m.

Well Loved Voice Stilled By Death

Andy Clarke, who was known to thousands through his Sunday morning broadcasts of news from small towns and rural areas throughout Ontario and Quebec, died at 65 as a result of a heart attack in his home at York Mills last Wednesday night, May 19. He had just finished preparing his Sunday broadcast.

Born in Grimsby, he went to school there, was a grocery salesman, shipping clerk, and worked in a power plant before he went to the old Toronto World. From there he worked on the Mail and Empire, the London Advertiser and the Globe. He was the Globe news editor until 1935 when he resigned after 16 years' service.

He first started broadcasting at the Globe and was one of the first to broadcast from a newspaper city room. He used an off-hand manner and gave his broadcasts a flavor that drew many listeners, by hunting the copy boy for latest news, or dropping his papers on the floor.

His free and easy style flow-

ered when he started "Neighborhood News" in 1940, produced with the co-operation of the Canadian Weekly Newspaper Association. He skipped headline news and chatted about five-legged calves, 28-pound muskies and big pumpkins and violets in December. The program was soon a success and the CBC started similar programs in the Maritimes, prairies, and in B.C.

He was made honorary mayor of several small towns from which he broadcast last summer and in January he started a sponsored series called "The Mayor of Little Places." He received the largest consistent mail of any CBC broadcaster. He worked at night preparing his program, searching through 250 weeklies from Ontario and Quebec and spent more time than most 15-minute analysts in radio in his preparation.

An angler himself, he always gave time to record big catches. Every broadcast included birthdays of those over 90. He checked the weekly papers for homey times and timely editorials and presented them in a friendly manner that made the listeners feel that he was broadcasting from down the road a piece.

During the war he wrote weekly broadcasts of home-town news for troops overseas and continued 170 programs in a series to the British Isles after the return of the boys. The small gray-haired philosopher spoke of "off the front page things" but made thousands of friends and listeners from his broadcasts.

Andrew Clarke is survived by his widow, a son Frederick, and a daughter, Miss Marie T. Clarke, Montreal.

Aurora Horse Show Said 'Biggest Ever'

Aurora—Secretary A. E. L. Maughan says that everything points to Saturday, June 7, as being the biggest show ever held by the Aurora Agricultural Society. "We only need fine weather to beat all records," smiled Mr. Maughan, crossing his fingers at the same time. The biggest midway in the history of the show on the west side of the grounds will open on Friday night. Ample parking space, increased ladies' classes, and the assured presence of Winter Fair blue ribbon winners added up to a big day for all. A dance will conclude the show.

It was the fifth annual Jersey show in York county, the largest yet and Jersey authorities said that it was the largest county show that has ever been held in the province. Over 120 head of cattle were on exhibition.

Other entries from the Newmarket district were from Inisearra Farm, Newmarket, Annesi Farms, Aurora, James Morgan, Schomberg, and Henry Sheardown, Schomberg. Inisearra took second place for cow, three years and under four, dry, and had several other entries. Mr. Dunham also entered a heifer, junior yearling.

First prize for junior showmanship, under 12 years of age, was taken by Faye Russell, Inisearra Farm, Newmarket, second by Beverley Burr, Gormley, and third by Donald Hoare, Aurora. Grace Hoare, Aurora, took fifth place in the 12 to 20 age group.

There were four new exhibitors this year including J. A. Northey, president of the Royal Winter Fair.

Thieves were scared away while attempting to enter Carpania's Garage, Bradford, last Sunday morning, and left behind a 1949 model car with goods valued at \$2,000 in the car, according to police.

The loot and car were stolen earlier from a Keswick garage. Constable Carl Morton, Roche's Point, said that a garage owned by Alvin Cronin at Keswick had been entered Sunday morning by forcing open a rear window. The thieves abandoned the car and all the goods.

Tenders Called Again For Aurora School

Aurora—Tenders have again been called for the building of Aurora public school. With the approval of the Ontario Municipal Board to issue debentures to \$285,000 for a new school, the board was unable to obtain any tenders close to this amount last year and as a result abandoned their plans. Most townspeople again feel that the board will not be able to obtain any better figures in view of present building costs. With two residences purchased by the board now raised and the rest of the property taking shape, if a suitable tender could be secured building difficulties are out of the way. Tenders close June 2.

AROUND THE RIDING

Old Time Forum For Three Parties

An open forum for all Liberals, Conservatives and C.C.F., and anyone else will be held at the Newmarket town hall tomorrow night, Friday, at 8:15 p.m. The forum is sponsored by the district C.C.F. Club and all three candidates or representatives of them have been invited to address the meeting.

The purpose of the forum is to have a public question and discussion period with all private parties represented, before votes are cast.

This morning, the C.C.F. Club had not yet received replies to the invitations sent to Liberal and Conservative candidates for participation in the public forum in the town hall tomorrow night. Assurance came from Liberal party officials, however, that a representative would be there. The Progressive-Conservatives in town were non-committal, as to whether their candidate would attend.

A C.C.F. meeting was held in Sutton on Saturday, May 22, and a meeting will be held in Aurora this coming Saturday, May 29. Meetings will be held in the near future at Vandorf and Pefferlaw.

A public meeting under the auspices of the Women's Progressive-Conservative Association is to be held in the Masonic Hall, Richmond Hill, Wednesday, June 2, at 8 o'clock. The speaker will be the Hon. Leslie Blackwell, Attorney General of Ontario. Mrs. C. E. Downing, women's provincial organizer, and Major Lex Mackenzie, candidate for York North.

Last night the Whitchurch Progressive-Conservative Association held a dinner meeting at the Ridge Inn for the purpose of organization. It was attended by 28; speakers were Major A. Mackenzie, Captain Howard Sale, and C. A. Cathers, campaign manager.

Ross Linton, Liberal candidate, spoke at Richvale and Schomberg on Tuesday night. There is to be a Liberal meeting at Woodbridge tonight at 8 p.m. At Schomberg, Mr. Linton criticized the Drew government for forcing cocktail bars on Ontario centres, its spendthrift purchase of an aircraft for hydro officials and whether the premier would "fly the coop" for Ottawa if he were elected.

Not One-Man Rule Says Mackenzie

Newmarket—Squadron Leader John Perry, D.F.C., D.S.O. and bar, speaking at a Progressive-Conservative meeting at the committee rooms, 14 Millard Ave., on Friday night said that the future of the party depends on the young people, that the older members of the party should take an interest in the young people. "Why don't we realize," he asked, "that the young lad in the neighborhood may be the representative in 40 or 50 years?"

"I am interested in the Progressive-Conservative because we in the services gave up our normal lives for democracy," said Perry. "I didn't come here to talk about the 'majestic major' or the 'courageous colonel', but to express my views as a citizen. I don't know enough about politics, so will leave it to the well experienced," he said.

"This word politics should be thrown out of the vocabulary. It suggests intrigue; let's use the word 'statesmanship' or 'government'. The government is the most important thing in the country," he said.

"My main hobby is citizenship and our country. We in Canada are halfway between the Americans and English. We always had to apologize overseas and explain who we were to the English that we were not Americans, and to the Americans that we were not Englishmen," said Mr. Perry.

"Even at home we are too modest and apologize too much. If I were a journalist writing about Sir Wilfred Laurier, I might be fired if I didn't mention Sir John A. MacDonald. In Canada it is C.P.R. or C.N.R., T.C.A. or C.P.A.—it's always something that has to be balanced," he said.

Squadron Leader Perry commented on the work that "Lex" Mackenzie did during his term at the legislature, saying he spent a lot of time in aiding the rehabilitation of returned men, helped the farmers and continually worked in the interest of the riding. "But he never talked about it. See what I mean, Canadians are too modest," he said. Perry was introduced by Mrs.

Frank Hope, president of the Women's Association of the Progressive-Conservatives. Campaign manager C. E. Cathers warned of too much complacency about the coming election. The C.C.F., he said, are known to go out after their votes and the Tories to be easy going. He said that Newmarket gave a poor showing in the last election, casting only 60 percent of the total votes with 25 percent Conservative.

Major A. A. Mackenzie spoke at length on the work done by the Drew government and what work had been done in this riding, especially to the roads. He noted that the widening of Yonge St. south of Richmond Hill has been a help for heavy traffic. No work will be done on the new Toronto to Barrie highway this summer because of a shortage of steel and concrete, he said. The Barrie road, which runs through the west part of the Holland Marsh, has made a new dike so that the east and west sides can be drained properly, according to Major Mackenzie.

He said that the Indian line, as it is known near Bolton, has been made a provincial highway from Bolton to Clairville and a contract has been made to hard surface number 27 highway this summer. As well as the sealed Barrie highway, plans have been made for an east-west road skirting the outskirts of Toronto, he said.

"With a great project like the 60-cycle hydro change, the people must give their consent in an election, he said. "Even though the members voted unanimously, some criticized the project afterwards."

"The Drew government is not a one-man government. Each minister presented his own bill; every member was entitled to get up and say what he thought of it. I myself had a bill 'chucked out' which would have affected the welfare of the people in the southern part of the province," said Major Mackenzie.

Fred Lundy, J. O. Little and Dr. S. J. Boyd spoke briefly at the meeting, which was under the chairmanship of Wyatt Moorby.

Stresses Importance Of Fire Brigade

Newmarket—The importance of firemen to a community was emphasized by Jos. Miller, fire marshal's department, Northern Ontario division, at the Newmarket Lions club Tuesday night. It was Firemen's Night at the club with members of the Newmarket Fire Brigade as guests. President Bob Pritchard was in the chair and Frank Bowser introduced members of the brigade.

Fire Chief Jos. Brammer thanked the club on behalf of the firemen, saying that they looked forward each year to their annual invitation to the Lions meeting. Mr. Miller was thanked by Seneca Cook.

The public doesn't realize the debt owed to the firemen, said Mr. Miller. Sometimes, the attitude is that the firemen are men who have joined the organization for the excitement of it. It is time the public realized that the firemen are a service club of

greater importance than any other, he said. The firemen are the public's protection against loss of life, property and savings through fire.

Mr. Miller said that the first line of defence against fire is the individual. By being on guard constantly, fires can be avoided. By knowing how to combat fire, the individual can do more to prevent damage in the first two minutes of an outbreak than any other agency can do more in the next five minutes to quench the fire than they can in the next five hours. He warned against carelessness and urged that everyone be made familiar with the rules of fire prevention.

Firefighting is a science, he said, and urged employers to give time to firemen so that they can attend the regular schools which are held on firefighting.

Finds Confidence In Drew — Mackenzie

Aurora — Reeve A. A. Cook was elected president of the Aurora Progressive - Conservative Association at an enthusiastic meeting held in the I.O.O.F. hall on Thursday evening. Speakers included Major Alex. Mackenzie, M.C., C. A. Cathers, Ken Tomlin of Richmond Hill and T. A. M. Hulse.
"There is a feeling throughout the riding that the Drew government deserves a vote of confidence for their splendid legislation. More and more people are deserting their party affiliations to make sure Ontario has a strong government. This can only be achieved by returning the present administration," said Maj. Mackenzie, who expressed satisfaction at the support he was receiving throughout all parts of the riding. "I don't think our opponents are very serious in thinking they can carry the province." He warned against overconfidence, and asked all to do their part.
Officers elected were: Hon. pres., Charles Malloy, first vice-pres., Alex. Bell, second vice-pres., Floyd Corner, third vice-pres., Mrs. William Thompson, sec., Mrs. T. A. M. Hulse, treas., Charles Case. Organization was completed for all wards in Aurora.
Tribute was paid to the memory of the late Hugh McRae and W. H. Taylor as well as other prominent deceased members of the party. Mr. Tomlin and Mr. Cathers dealt with organization methods and predicted a good sized Conservative majority in the riding.

Attractive exhibits of girls' work done during the past year will be featured under the two units, "Cotton accessories for the club girl's bedroom," and "Supper Club." The public are cordially invited to view these exhibits during the day. For outstanding accomplishment and under rules similar to the boys' award, this year a trip to Chicago has been arranged.

The cash income of Canadian farmers from farm animals was over \$500,000,000, during the last recorded year. And it is estimated that food production as related to livestock accounts for over one-third of gainfully employed people in Canada.

Progressive dairy farmers and ranchers are keeping in close touch with their nearest experimental farm and agricultural college which have both been concentrating on livestock improvement, for years, with excellent results.

Dairy Cattle are an important part of this industry, and better breeding of them is very important. Experts emphasize the importance of grading up in both grades and purebreds by continuous use of high-class pure bred sires.

Loans to cover the purchase of foundation or breeding stock, or to meet other needs, are available to responsible farmers from our nearest branch. Drop in and talk the matter over with our practical, friendly manager. 12-48

Preview W.I. History At Poplar Bank

By GOLDEN GLOW

It was my great privilege to be present at the first showing of the new W.I. film, "Let There be Light," through the kindness of Miss Anna Lewis, director of the Women's Institute Branch and Home Economics Service of the Ontario Department of Agriculture, who took that way of helping members of the Poplar Bank Branch to raise their pledge for the rest room in Newmarket. The showing was held in the splendid little school house of Poplar Bank. If it got its name from trees like some near Sharon which were grown from ox-goats which the U.E. Loyalists used in their long trek here from the U.S.A. and then planted them - it's name really means something.

The school house, modern in ventilation and lighting, was filled to capacity, and the school children under their teacher, Miss Belfry, gave a good account of themselves in the program and in the articles they made, which were on display. The girls had decorated the room with gay tissue paper festoons and there were spring flowers everywhere. Miss Lewis showed the interesting films she took when she was overseas last year, England, Ireland and Holland. I wrote of that before so I'll go on to the "high-light" of the evening, the new film; but first, a little thought of my own here: for it was such a delightful community gathering - but, above all, for the Lewis family. Their family is all scattered now but every member had managed to be present - and two prouder, more delighted people than Mr. and Mrs. Charles Lewis, it would have been hard to find, and we were all delighted with them. It was a particularly glad occasion. Another thought came to me as well: it was how proud the little school house must have been to have so many of its former pupils once again together under its roof and happy to be there. The Lewis family, especially Anna, Miss Sara Jones, Mrs. Herb Dunham, formerly Joy Meyers, and many others. Sara, now instructor of weaving for the government, and Joy, the capable chateleine of beautiful "Dawson Manor," a little way south of the school, and Anna, director of W.I. in the Ontario government. Both Anna and Sara took part in the new W.I. film, and when it comes to Newmarket you all will see for yourself, and be proud of them.

It showed the beginning of the first W.I. at Stoney Creek in 1897, near Niagara Falls. The narrator's voice said: "We have a story to tell—a story of a land and its women; a story of a priceless gift made by these women to a grateful world." Then the voice said, "This is Ontario," followed by a series of lovely pictures of rural Ontario. They showed pioneers coming to Ontario in covered wagons.

The story goes on to the first Women's Institute in the world founded in 1897 at Stoney Creek, and how, through this one venture, there are now Women's Institutes all over the world; 26 countries banded together by a common bond with the slogan, "For Home and Country." These women found a common meeting place for an exchange of ideas and for the promotion of understanding and good will between nations in the "associated country - women of the world." Through the efforts of our Canadian women, the Macdonald Institute at Guelph was built and it was at the Agricultural College at Guelph on June 18, 1947, that the Jubilee celebration was held, when 12,000 women from every province gathered, and contrary to the belief that it always rains when a bunch of women get together, it was an ideal day, warm and sunny. The film showed the different speakers—there were even guests from Great Britain, New Zealand and U.S.A. and from six other Canadian provinces, all with messages from their branches. Our Anna Lewis paid tribute to the charter members from the Stoney Creek Institute who had places of honor on the platform.

The ceremony ended up with a colorful historical pageant, "Let There be Light"—in about ten or twelve "episodes" which showed the progress of the Women's Institute from its earliest days at Stoney Creek—and how it has grown. It was a magnificent sight on the screen, and you will all have a treat when our branch asks for it for Newmarket. Of course in these days or I should say these evenings of Daylight Saving, it means a very late hour before darkness makes it possible to put on a film properly in the town hall, however, we can arrange for an early showing in the autumn, if not at present, and you will be proud too of our Newmarket girls who took part in it, just as I was, and just as everyone in the Poplar Bank school house was. Best of all, the collection was over \$20, so the Women's Institute there can be particularly pleased for their minds can be at rest for another year with their obligation and pledge met. Aren't women wonderful? Cheerio.

MAGISTRATE'S COURT

Suspend Sentences Of Five Juveniles

Five Toronto youths were given suspended sentences and varying terms of probation in magistrate's court on Friday for taking a truck at Tulloch's garage, Aurora, without the owner's permission and damaging one of the gasoline pumps there, late at night on May 2. Three of the accused had records.

Magistrate Hollinrake, back after a month's holiday, said that the function of the court is not entirely for the purpose of handing out sentences to punish, but also to help reform such boys as the accused who had started off the wrong way. He said that more can be accomplished in some cases by leniency than by harsh measures and that he was trying it with these boys. He expressed appreciation for the co-operation of the crown, Arleigh Armstrong and the counsel for defence, B. J. Spencer Pitt, Toronto.

According to testimonies of accused, they had left Toronto on the way to Barrie between 11 and 11.30 p.m., on the Saturday night, in a friend's car and hit a telephone pole just south of Aurora, damaging the grill and radiator. They managed to get the car to Tulloch's garage. They were turning a truck around to push their own car to get it started when Const. Langman, Aurora, arrested them with Const. Fleury and Prov. Const. Craig and Melbourne. All five pleaded guilty to the charges.

The magistrate was going to suspend sentence on them all with the exception of one who had a record when George J. Abbott, an employer of the Elora Construction Co., another youth with a record, offered a job to the accused. The magistrate gave him a suspended sentence, and placed him on probation for two years. Captain Marks of the Salvation Army, Toronto, spoke on behalf of the two accused. One of the youths, with no former record, who had been on bail since the arrest, was given six months' probation. All five either went back to their jobs or had jobs arranged for by Mr. Abbott and Captain Marks.

J. Douglas Choppin, Newmarket, pleaded guilty to two charges laid by Constable Jardine, Queensville, of careless driving and illegal possession of liquor. He was fined \$35 and \$9.35 in costs. Constable Jardine said he found the car belonging to the accused at 5.55 p.m. on Monday, May 3, at the edge of highway near Sharon, on its side. He produced a partly filled bottle of whiskey he found in the car. No other car was involved in the accident.

Garden Tips

Prepared by

A. A. REINKE

Representing

Newmarket Horticultural Society

Annual Plants

All borders can be brightened with colorful plants. Choose with care, for nasturtiums and petunias are very rampant. For planting among evergreens compact or erect growing sorts are suitable, ageratum, tagetes, white alyssum, salvia and verbenas.

Rock gardens can absorb portulaca, alyssum, gypsophila elegans, dwarf petunias, and phlox dumondii, but separate pockets should be allotted so as not to crowd out the choice alpine.

Perennial borders need and should have zinnias, cosmos, salpiglosses, marigolds, and a 12-inch front edging of petunias or alyssum, or ageratum according to your wish and fancy. They are the brightest and showiest plants you can buy and will quickly repay the small effort in planting. But you will find out that it is better to have a knowl-

edge of these plants and their habits so get the garden notebook out, and write your own garden history. It is ever so much more interesting than any one else's.

Trees

Do not neglect your trees. They cast varied lacy shadows. They have majestic and sculptural effect. They purify your air and give age to a garden. Remember them in your attentions. Holes made with a crowbar at equal distances in a circle around the tree's feeding roots will make receptacles for prepared loam and bone meal and preserve and improve their appearance. Trees that have regular attention by skilled pruners are outstanding and a mark of ownership appreciation.

Triple Celebration Marked At St. Paul's

Newmarket—Last Sunday St. Paul's church saw a triple celebration, for it was Trinity Sunday, in the church calendar, Empire Sunday as Monday was May 24, and also the day set for a service of thanksgiving that the objective of the Repair Fund campaign had been reached. The flowers on the altar, and at the memorial tablet, were in memory of Charles Evans and his mother, Mrs. J. Evans, from members of the family. Last Tuesday 16 of the members of the Woman's Auxiliary were guests of Aurora Branch where they heard a talk by Miss Anne Edgar who spent 25 years in India. She showed colored slides, taken by herself of her station near the Himalaya mountains. She also modelled several beautiful sarongs, the native woman's dress. Old acquaintances were renewed over a social cup of tea. The members of the Aurora Branch also had on display their completed outfit for a girl of an Indian residential school. The rector and lay delegates to synod attended the different sessions last week in St. James' parish hall.

Letter To The Editor

The Editor: I take it that in our democratic way of life I may be permitted space in your excellent paper to refute a statement appearing in your editorial last week headed, "Billboard Slogans Not Necessary." The offending statement: "Unlike the C.C.F. it has kept its objectives within the limits of the public purse," is the one which I take exception to.

It must be apparent to the average citizen that a government including elements of private interests and backed financially by private interests is not enthusiastic in passing broad social measures. The C.C.F. party, being made up of private citizens with only the good of the people as a whole as their objective, will have the necessary courage to curtail the export of finished lumber until domestic requirements are filled, restore excess profits tax, tax liquor interests more heavily, curtail the activities of monopolies, and raise the necessary money in such a way as to effect a more equitable distribution of the provincial income.

Look at the humanitarian legislation passed by the Saskatchewan government in four short years. When the Liberal and the Conservative parties combine, as is now being done in several provinces, to defeat the C.C.F. party, it should convince Mr. Average Citizen that their separate ideologies are essentially the same, as far as he is concerned. An entirely different approach to the problem of government is now necessary to meet an entirely different situation. Let us do away with that vicious circle of booms and busts in favor of a planned economy.

William Johnston,
Newmarket, Ont.

KESWICK

The evening meeting of the W.M.S. was held May 18 at the home of Mrs. Gordon Carr. The president, Mrs. Ken. Boothby, was in the chair. Mrs. Irwin Winch led in the study of how the Dominion of Canada received its name. Mrs. Ed. Alder was elected to take the child study and she spoke on "How Parents Look to their Small Children." The meeting closed with a grand lunch and a pleasant smile from the hostesses, Mrs. Almer King and Mrs. Donald Morton.

WORLD TRADE WEEK

May 30th - June 5th

MARKS THE OPENING OF THE
FIRST CANADIAN
INTERNATIONAL TRADE FAIR

May 31 to June 12

A new adventure in Canadian trade is the first Canadian International Trade Fair just opening in Toronto . . . as stirring an enterprise in its way as any in our history.

Thirty-two countries will be represented as exhibitors and twice that number as buyers. For two weeks the market place of the world will be in Canada—the first event of its kind ever to be held in North America.

On week-days the Trade Fair will be devoted entirely to business between buyers and exhibitors . . . but special arrangements have been made to admit the general public on the three Saturdays—May 29, June 5 and June 12.

Every Canadian firm interested in developing world markets for its products or world sources for its supplies will find it well worthwhile to send a representative.*

Canada's observance of World Trade Week has been happily timed to coincide with the occasion of the International Trade Fair as a valuable contribution to better understanding by the Canadian people of their own important stake in world commerce.

World Trade Week is sponsored by the following Canadian business organizations: The Canadian Chamber of Commerce, The Canadian Exporters' Association, The Canadian Manufacturers' Association, The Canadian Section of the International Chamber of Commerce, and the Canadian Importers' and Traders' Association.

* Interested businessmen who are not in possession of an invitation may secure admission, by presenting at the door, a letter of identification from their firm, mentioning their official position. A 50c registration fee is payable at the reception centre in the Calsium Building.

What this new "Security Plan" will do for him

The Mutual Life of Canada's "Security Plan" enables you to start your child's insurance at a very early age, and at a low cost.

Protection starts at \$100 at birth, increasing annually to \$1,000. at age 9 and grading up to \$5,000. at age 20. If money is required for educational purposes when the child reaches university age, the policy may be surrendered for its cash value, otherwise it may be continued at the very low premium rate until age 60 or 65 when a retirement income is available. The Cash Value increases yearly, and dividends are paid annually as declared.

Ask a Mutual representative to give you all the facts.

Historical Society Seeks Members

In 1888, with the object of encouraging interest in, and a study of our past, a group of public spirited men and women, representative of all sections of Ontario, organized a historical society, which 11 years later was incorporated by an Act of the Legislature as "The Ontario Historical Society." Among other objectives, the founders of the Society sought to collect and preserve from all areas, large and small, the stories and traditions of our pioneer ancestors, and the records of their roads, bridges, schools, churches, burial grounds and other institutions in the various counties, townships and communities.

Each year since 1899, the society has endeavored to supply free to its members a printed volume of those stories, traditions, records, letters, diaries, registers, minutes and other documents of the past. Over the years nearly 40 of such volumes have been published and supplied to members and libraries. These volumes have proved to be a great help and inspiration to students in schools and colleges, to journalists and public men, and to ordinary people who are interested in, and who desire to know more of, their own family or local community history.

In addition to the annual volume, the society now sends free to all members every two months a printed "News Letter" of from six to eight pages which serves to keep members in touch with any historical work being carried on by the Society as a whole and by members or other organizations individually.

Each year an Annual Meeting has been held at some centre of historical interest. This year, it's 60th anniversary, the Society will meet on June 8, 9, and 10, at the Martyrs' Shrine near Midland, in the heart of Huronia of Indian legend and story. A number of interesting papers will be read, and bus and motor trips will be taken to nearby historic localities. The attendance of as many members as possible is desired.

The membership fee is only \$2 for a full 12-month period, which does not pay the cost of the Annual Volume of Papers and Records or of the six copies of the "News Letter" which are supplied free to members. There is no salary staff and the society has for years been assisted by a government financial grant which is made because of the great contribution to education which the society has made and still makes.

Those interested in their own personal family history, or in the past of local schools, churches, roads, settlements or similar matters, will find in the society many sources of inspiration, help and guidance. All such are cordially invited to become members. Send your name and address with \$2 to the Secretary-Treasurer, George W. Sprague, 84 Gormley Ave., Toronto 12.

Formal Opening For Sedore Building

By GOLDEN GLOW

On Tuesday of last week the new show room and service station owned by Norman Sedore was formally opened. It stands on the north east corner of Queen and Main and anyone who has not been to town lately would certainly rub his eyes and take a second look to make sure he saw what he was looking at.

For in place of the dilapidated row of houses that stood there, flush with the sidewalk and which have been an eyesore for as many years, there now stands this splendid building. To the north is the show room and it certainly was a picture on opening night, gay with baskets of flowers and blossoming plants, gifts from the companies he represents and all the staff were beautiful corsages or button-hole bouquets. Mr. Sedore's mother, who was 81 that day and also present for the occasion, wore a beautiful corsage of fern and white carnations.

The service station is at the south side, with openings on Queen St. and a crushed stone facade in front from sidewalk to building makes a splendid approach. The gas pumps stand in front of the show room with attractive yellow and blue coloring. It was a jolly, informal occasion with congratulations all around and a neat little speech from our genial citizen, Fred Lundy, who by the way was one of the lucky ones to draw a prize. We each were invited to write our names for the draw and they were certainly beautiful and useful prizes, but my luck deserted me.

Then we were treated to three interesting colored films—with sound effects and the narrator's voice giving a running commentary. The chairman then called Mr. and Mrs. Sedore and the staff to the front to receive the well deserved acclaim of all present.

There are a few days in the year that begin the night before. Maybe that is sort of involved but for two or three hundred women, the D.A. begins the day before, for one has to leave one's household prepared for a day without the homemaker. Then, if one has a war of long-standing with an alarm clock, like your scribe, there is the added touch of uncertainty as to whether you have pushed the little gadget on top up or down; whether it will be stubborn and not go off and last of all, what if you, in the struggle, become so worn out that you sleep through it, if it does go off.

However as usual, none of these things happened and the other half of the family brought Mrs. McClure, Mrs. Hunt and I

end with Miss Ruth Mary Winch.

Mr. R. A. Helmer, Newmarket, Mr. and Mrs. Chas. Near, and Mr. and Mrs. Wm. Young, Newmarket, were Sunday guests of Mr. and Mrs. Marvin Connell.

The Young People's Bible study group met at the home of Mr. and Mrs. V. H. Atchison last Sunday evening. There were 18 present. Mr. Jack Winch gives splendid leadership to this group.

Congratulations to Miss Lillian Connell on passing her final pharmacy examinations. Quite a number of our young folk enjoyed an old-fashioned barn dance in Mr. Stuart Stinson's barn on May 24.

Mr. O. M. MacKillop, school inspector, recently visited Keswick class-rooms. He was especially pleased with the new lighting system and the school's "new look." Flower beds will soon add to the improved front appearance.

A few young men got together on May 24 and made a tennis court on the rink ground. Mr. Jim Cockburn supplied the tennis net.

The Common Round...

By Isabel Inglis Colville

MORNING AT THE D.A.

to the bus station on which point, women from all directions were converging, and presently we were all set and driving through the beautiful spring countryside "where every common bush was aflame with God." Looking at all this beauty and listening to the chatter of 38 women, it did not seem long till we reached Nobleton, to find that we were among the latest arrivals — just in time to get our luncheon tickets and register.

They have a good community hall at Nobleton and it was filled to capacity. After the opening exercises we heard the district secretary, Mrs. B. Sinclair, report. She gave a report of last year's meeting which was splendidly compiled and well read. This was followed by the treasurer's report for the anniversary year which was most satisfactory. Mrs. W. R. Steeper gave the auditor's report, finding the books in a most satisfactory condition, and remarking that in these days women were making history. We heard then, too, that the area convention, held as usual in the Royal York hotel, Toronto, would be Nov. 10-12.

Reeve Goodfellow gave the address of welcome. He spoke of the great pleasure it gave him to welcome the members of the W.I. and also said he couldn't give us the key to the village but the gates were always open. He invited us to have a look at the new arena in process of construction. Mrs. A. Van Nosttrand replied thanking the Reeve and saying that the example of Nobleton in building such a structure was an example to other villages.

Mrs. Corner, acting president, called on Mrs. R. Armitage for the report on Agriculture and Canadian Industries. These reports stress work, papers and roll-calls. She had received some excellent reports and especially good roll-calls and papers. The roll-calls are most important as they give new ideas to other branches. Some of these follow—early and modern farming, Canada's got it, soils and fertilizers, medicine from bees, nylons, the benefit of birds to agriculture, Holland Marsh with 4,000 acres under cultivation, scrapbook of other lands, benefits and drawbacks of farm life, 16,000 chickens cared for by one man, with modern equipment, farm loans, how about spare time? Should farm women do much outside?

Mrs. Frank Williams presented the report on Home Economics, finding excellent material for that report in those sent her. A panorama of material; value of new vegetables and canned; time-saving gadgets for the kitchen; decorative jobs; old family doctor and new physician; home—what you make it; Purity flour; frozen foods; making use of what we have.

Mrs. Shults gave the report on Social Welfare — on the free x-ray clinic; characterists of a good neighbor; how to provide recreation for teen-agers; rest-room; dangerous driving; used clothing for flood victims; evacuation of children during war; weaving; helped Salvation Army; advised co-operation with school boards; heard health talk. A pleasant interlude took place when Mr. Harris brought a large group of children to the platform to sing for us, which they did with well balanced tone, good attack and expression. They sang five numbers. Mrs. Hill gave the report on

historical research. Here followed papers and roll-calls, as in other reports—name an historical edifice; tell where your grandparents came from; pioneer days; dress 50 years ago; how many generations have your forebears been in Canada? children of peace; Lord Mountbatten of India; religious edifices; story of township of East Gwillimbury and Mount Albert; resurrection of a dead city, Sharon; story of a flag; Charlotte Elliott, hymn writer; old Yonge street; Canadian women authors; travelogue of east coast; current events and quizzes.

The citizenship report was given by Mrs. Cronsberry in the absence of Mrs. Weir, and included — do we realize our responsibility and opportunity as Canadians; be loyal to the church of your choice; the misuse of family allowances; bad words and their eradication; social contacts; prizes for temperance contests; suggestions for improving one's surroundings; welcoming new families to Canada; the part the church plays in the community; all must be obedient to the law; women should take equal responsibilities with men. How we can get along with each other.

Copaco Membership Complete

June 1, 1948, Copaco will discontinue issuing new memberships until further notice. The directors believe by the time those memberships held by retired producers and estates have been sold and transferred to active producers, that the total active membership will be as large as plant facilities can service even after considering the major plant expansion project which is now nearing completion.

In order to facilitate the sale and transfer of those memberships to active shippers a form of membership sale agreement has been approved whereby the active shippers can purchase the memberships from retired owners under terms and conditions similar to the "Easy Payment Plan", the main features of which are the down payment of \$3.00 in cash and the payment of the balance of \$150.00 out of patronage dividends.

Transfers are subject to the approval of the directors, and the purchaser must submit a new form of membership application for the acceptance of the directors.

Non-member livestock shippers who wish to take advantage of this should get in touch with the office manager or the accountant for full information and to obtain the forms required.

Dodgers Humbled Only Start Says Foe

By GEO. HASKETT JR.

Can this be true? So sorry it is, my Dodger supporters. The once mighty Dodgers have been humbled. They ran up a string of four victories with nary a defeat. Tuesday they ran into something they couldn't handle, a really hot Blue Jay team. The Blue Jays walked off the field with a 15-5 triumph in the bat bag. The Blue Jays seemed to have little difficulty in pounding the slants of Dodger pitcher Ron Coveney to all corners of the diamond. This was something the other teams in the league haven't been able to do. On the other hand Johnny DeLaHaye hurled a fine game for the winners.

The loss by the Dodgers tightens up the league race considerably. The Giants, who were idle Tuesday, are now tied for top place with the Dodgers. The two other contests billed for the same evening had to be cancelled, chief difficulty being the lack of diamonds, although two teams, the Cards and Cubs, failed to field a team.

League Standing as of May 25

	W.	L.	Per.
Dodgers	4	1	800
Giants	4	1	800
Blue Jays	3	2	600
Cubs	2	2	500

Cards	1	4	200

Benville Eighth in High Park Race

Bob Benville, making his annual appearance at the 25-mile race in High Park, Toronto, on May 24, made the run in eighth position in time, and 11th in handicap. Bob did the route in one hour, 17 minutes and 14.45 seconds with a four-minute handicap, bettering his last year's time by four minutes.

The race, sponsored annually by the Canadian Wheelmen's Association for the Houting trophy, is over a winding, hilly route in the park. There was a field of 40 in the race. Bob rode as an "unattached" entry, having severed his connection with the Aurora club for which he rode in the past.

News n' Views

By GEO. HASKETT, JR.

Lacrosse

Harold Gwyn, heading the drive to put lacrosse back on the sport front, reports a falling off in the attendance at practices. The team, by the way, has moved indoors for their sessions. Friday night, May 28, post time seven bells, the club is holding the next practice. The positions on the team are still wide open so the powers that be in the lacrosse whirl would like to see a full house. After considerable waiting the local team was advised to affiliate direct with the Ontario Lacrosse Association. This chore has been looked after. The entry list for the O.L.A. doesn't close until June 1 but Gene Dopp, head man, had the welcome mat out for the Newmarket entry and expects to have a schedule lined up early in June.

Ladies' Softball

The Newmarket ladies' softball team will make another attempt this Thursday (tonight) to get their season under way. They will be "at home" to the visiting Kopsacos from Barrie. The game is billed as an exhibition tilt, but the local ladies will be out to start their season on the right foot with a victory. So far as actual league play goes Frank Courtney and Chuck VanZant will lead their team into action against Shanty Bay on Friday, June 4, with their big league opening game here June 10, with Valley's of the Barrie league providing the opposition.

Vets' Softball

The battle is on. Action stations will be sounded Tuesday night when the Vets will open their softball season. Friendship will be left at home when the Thornhill clan comes to town. The Vets, in defense of their league title won last season, have several new players to show their wares so don't miss the opener. Tuesday, June 1, place S.S. school grounds. Watch Aurora is the word whispered by playing coach Moe Walsh of our southern neighbor. Moe expects to have his club burning up the base paths in double quick time. Incidentally, Aurora open Tuesday also on their diamond with Langstaff the opposition.

Intermediate Baseball

To date, the turn out for practices has been disappointing. Next practice is Friday night, Time 7 p.m., S.S. school grounds. Tennis Keith Davis commenced operations last Saturday with his tennis school and reports openings for several more players. Ten turned up last Saturday morning which was a fine start. If you have a mind to make a start in the court game here's your chance. Next Saturday, 9 a.m., at Keith Davis' residence, Lorne Ave.

This and that: Ernest "Red" Hollingsworth will have charge of the Lions summer program commencing July 12. Mighty quiet Queen Victoria Day for the sport crowd in Newmarket. Couldn't scare up enough for a game of rounders on the corner lot. Lack of diamonds is holding up the mid-west softballers. Two games Tuesday had to be cancelled, which isn't good. Any suggestions as to possible locations for another diamond would be welcome. We're listening. The lawn bowlers opened fire Tuesday night on the local greens with a friendly game. From now on the greens will likely be in use almost nightly.

Aurora Ball Club Opens Season June 3

Aurora men's softball club will open the season on Thursday evening, June 3, at the Aurora town park. Andy O'Neil will likely take the mound for Aurora with Mo. Walsh behind the plate. Fred Morris and his Langstaff clan will provide the opposition and the ace hurler, Billy Bowen, and Army Armstrong, the brilliant catcher, are expected to be on the points.

Down The Centre

With AB HULSE

PLAY IT PIANISSIMO, MAESTRO!

Fatso James has heeded the call for reinforcements issued by Mimico Mountaineers, the defending O.L.A. champions, and the big Bradford boy and former captain of Aurora junior hockeyists is now holding down a defence post with vim, vigor and vitality. James also expects to do a spot of refereeing in the North York league. Don Wilson, another Bradford product and ex-Newmarket Redman of '33 vintage, has definitely retired as a gutted stick wielder. Don has a mighty good job with Stratford Industries and this summer he plans to be a real family man. Bill Cox, smooth-working goalie of Woodbridge intermediates, backed by Woodbridge Canadian Legion, has organized a new midget group of eight teams in the south, and with this group, plus junior and intermediate teams and Ebenezer of the Peel junior farmers' league, the Woodbridge lacrosse cushion will be well occupied. Cal Miller announces that he has practically all his 1948 Maple team ready to go, plus one or two extras, and Maple will enter the season favored to repeat their triumphs of the past two years. They expect to cop the Jack Smith trophy for the third straight year, in which case they'll keep the trophy for all time.

Harry Cousse and his buddies from Cookstown are in action defending their 1947 South Simcoe honors. Ted Gapp, Bradford, president of the league, has a nine-team circuit functioning with Bradford, Mount Pleasant, Tottenham, Fennells Corners, Churchville, Stroud and Bond Head seeking to upset Cookstown over a 72-game schedule which ends August 15. Bill Thornton, who once played defence for Aurora juniors and has been in action with Schomberg softballers in other years, heads the Tottenham team and Bill has pretty much the same team which made such a fine showing in the Canadian Legion B series last year. Gapp and his cohorts would likely welcome a play-off with the North Yonge league or Lake Simcoe circuit. It might be a smart idea for Douglas May and Hal Rogers to sit down and discuss play-off possibilities with Ross Chapman, Ted Gapp and Bill Garner who head the Barrie league, which will have four clubs this season. The fans would really go for that one.

Umpires have at last come into their own this year. In the North Yonge league, Charlie Proctor, Ted Somers, Bob Bell and Dutch Forhan are ready to work at four bucks per game. Neutral umpires for each contest behind the plate and a home umpire provided for the bases. Unless we miss our guess the latter plan will be discarded before the season is very old. Down Markham way the arbiters get a regular \$2 behind the plate and a single buck on the bases. Not much but at least an attempt to put the game on the proper footing. In case you're wondering, this corner will definitely not be umpiring this season. Tom Mochrie, former Aurora baseballer now employed in Brampton, is a member of the Hewitson Shoe team in the six-club Brampton softball circuit.

Next Thursday sees the lid pried off the North Yonge softball league with Langstaff vs. Aurora and Newmarket vs. Thornhill carded. Aurora and Thornhill will play home games on Thursdays with Newmarket taking Tuesdays for their games. Friday night finds Newmarket Ladies at Shanty Bay for their league opener. Frank Courtney's lilies will journey to Shear Park, Allandale, to meet Barrie Copacos on Tuesday, June 8. Wednesday the Newmarket gals open the season at home with the Barrie Valley Taxi team providing the opposition. Newmarket should take the league in fine style if previous years give any indication. The first three teams hit the play-off spots with a best of three semi-final and a five-game final series. Each club plays at home nine times and away nine times so the canaltown beauties will not be able to complain of lack of opposition this year.

ODDS AND SODS

Stouffville juniors will feature a three-brother act this season. Lorne "Porky" Schell, pitcher, Ken Schell, catcher, and Percy Schell, up from the midget squad, will all be teammates. Add to that the fact that father Percy Schell, Sr., will be on hand with the rest of the family to lend encouragement at all the games and you really have something. Stouffville will again have "Hocus-Pocus" Miller, Jennings, Nick Procenko, Keith Jewett and Polly Minton from the 1947 squad, plus Roy Ward, "Dewey" Davis from the midgets and possibly Bun Sellars, the talented puckchaser, and Normie Nigh, Aurora. "Yorky" Smith should be able to build a contender from that crowd. Ron Hudson of the Gananoque Gans, who eliminated Aurora in the junior C.O.H.A. semi-finals, is now located in Oshawa and the Oshawa folks figure him to be a sure bet to make the Generals next season. He was one of the standouts on the Gananoque team and with his speed and weight (180 pounds) looks to have a real future.

Chicago Black Hawks, 'tis said, may train in North Bay next winter. The fans in the Bay are hoping for a tie-up by way of their junior club. Polly Minton, good Stouffville hockeyist, is now employed at the Tam O'Shanter Golf club and goalie Dougie Moore has once again headed north for a season at lumbering. Twenty-one years ago this summer maestro Art West and P. C. McCallum, Newmarket, were members of the smart dance band that played all year at the famous Dardanella dance hall at Wasaga Beach. Jimmy Borthwick, one of the hardest working members of the Newmarket camp mercantile hockey team of 1946, is now handling the big mitt and mask for the Brantford senior club of the inter-county senior baseball series. Bob Hassard, ex-Richmond Hill junior hockey star, last year with Marlboros, is holding down first base with Stafford seniors in the Varsity senior circuit.

Sutton Man Wins Fishing Derby

Low Tomlinson, Sutton, competing against more than 250 fishermen, won the annual fishing derby sponsored by the Sutton district branch of the Canadian Legion when he landed a 113-pound lake trout as well as three others. Robert Paradise, Uxbridge, won the "largest catch" prize taking five fish for a total of 47 1/2 pounds. More fish were caught than in any other year, according to the Legion.

Simcoe Loop Has Strong Contenders

By GEO. HASKETT JR.

Well folks, with the opening of the Lake Simcoe softball circuit right on our heels, it might be wise to stop and take a quick peek at the prospects of the various teams. Let's see now. Mount Albert, the champs of yesterday are holding pat with the same line-up they used to march home a winner last year. Murray Roberts, ye bank manager at Mount Albert, team manager by the way, says the Mount is planning on another championship. That's what the man said. Yes sir that's what he said. Ah! but the catch, my friends, is that the other nine teams in the group all have the same idea in mind.

Hope, who hustled their way into the semi-finals last year, haven't been idle while the snow has been flying, not by a long sight. They got out and rustled

up the services of three Sharon stars, Don "Lefty" Glover, Ross Eves and Cliff Ward. This will give Hope a string of seasoned players and Lonnie Ganton boss-man at Hope, says league president Ross Chapman will also take the field with his team.

Sharon isn't giving out with a lot of fanfare. But you can bet your bottom dollar they'll put up a strong side. Mainly, they will rely on giving-the-young-fellow a chance to show his stuff. And believe me enthusiasm has been high at their practice sessions.

Queensville and Pine Orchard haven't been resting on their laurels while the tractor has been tied up in the barn and will trot out several new stars.

The two new entries, Brown Hill and Vondorf, as well as the northern teams Keswick, Willow Beach and Zephyr, haven't been sized up as yet, but all indications point to strong contenders at all points.

Thanks to league publicist Ivan Eves we give you the following games coming up for decision: May 27, Pine Orchard at Queensville; May 28, Mount Albert at Willow Beach; May 31, Zephyr at Vondorf. Hope at Queensville; June 1, Brownhill at Sharon; June 2, Keswick at Hope, Vondorf at Pine Orchard; June 3, Queensville at Zephyr; Willow Beach at Brownhill; June 4, Brownhill at Keswick.

BOWLING TOURNAMENT

The first lawn bowling tournament of the season for the Newmarket bowlers will be held on Wednesday afternoon at 1.30 p.m. The tournament is men's trebles and with the good greens a real day's pleasure is anticipated.
